Greenbush Health

Greenbush Health offers fully insured group health, life, dental, and vision benefits for eligible employees of our insured groups. Insured groups may access coverage through Greenbush Health as a participating member of the Kansas School Benefits Group Trust.

Membership Benefits

As a member of the Greenbush Health Trust, your district is able to be a formidable player in the Kansas school health insurance field. According to Fred Meier, Business Manager of USD 466 Independence, "We are educators working together for the common good of having high-quality health care."

Tony White, KNEA/UniServ Director, cites stability as an important reason to join the Greenbush Health Trust. "Greenbush Trust provides health care stability for school districts by pooling resources and creating a larger trust that ensures stronger discount and premium negotiations from highly recognizable carriers to ultimately better serve its members."

The Greenbush Health Trust averages less in retention costs from year to year versus direct health care coverage with the Company. This saves your school money, by allowing more of the health care dollars you spend to be applied to the payment of claims. In addition, the plans are unique and provide a greater degree of benefit diversity for your employees to elect from each year

The Greenbush Health Trust offers a triple option health plan, available only to Greenbush Health Trust members, with unique benefits and provider choices. The plans are underwritten by BCBSKS, giving all members the ability to access the large Preferred Provider Organization, using the Bluecard system. This includes 99% of all hospitals in Kansas, 98% of all physicians, and 93% of all other providers in the State. The Bluecard PPO System provides access to 85% of all providers in the United States, and includes 83 centers of health care excellence like the Mayo Clinic and M.D. Anderson.

FAQs

How to get a Quote for the trust.

- Q: Who do I call?**
A: Call us at 1.800.595.2955 and ask for Drennette McCracken.
- Q: What information will I need to provide?**
A: You will need to furnish a current census of eligible employees and 18 to 24 months of claims information.
- Q: How long will it take to receive the proposal?**
A: Once we have received complete rating and underwriting data, you should expect to receive the proposal within 2 to 3 weeks.
- Q: Will my group be guaranteed acceptance of coverage?**
A: Each group is reviewed individually for acceptance and could be denied coverage, if it does not meet the insurance company's underwriting guidelines.
- Q: What will it cost me?**
A: After meeting the current insurance company's underwriting guidelines an actuarial study will be done at the school district's expense. The cost is determined by the number of employees the district has.
